

Satan did not create soulless winds
That Cries and shouts about sin and hell
While deflowering Holy Cherries

Cherry Orchards given to God
Are holy and the fruit belongs to him

Satan did not create soulless winds
That Cries and shouts about sin and hell
While deflowering Holy Cherries

Soulless winds blow thru holy cherry trees
Deflowering them
As Holy Rollers
Jump up and down shouting and crying
About sin and hell

Satan did not create soulless winds
That Cries and shouts about sin and hell
While deflowering Holy Cherries

Momma sewing, Daddy gone away
Blue Crabs swimming, Fish jumping
Summer lovers kissing
Holy Rolls dripping each other in the water
As the soulless winds
Blows thru the Holy Cherry Trees

Satan did not create soulless winds
That Cries and shouts about sin and hell
While deflowering Holy Cherries

Satan wept as the soulless winds
Deflowered Holy Cherries
While Holy Rolls
Eat steamed crabs
With cheese and Apple vinegar

Satan did not create soulless winds
That Cries and shouts about sin and hell
While deflowering Holy Cherries
